Education

Indian Institute of Technology (ISM) Dhanbad — 2019 – 2023
B.Tech., Petroleum Engineering — CGPA: 7.83/10

Working Papers & Work in Progress

The Other Side of Progress: #MeToo and Gender Bias on Digital Platforms — Submitted to PNAS
with Prof. Deepa Mani, Prof. Vasundhara Sharma, and Prof. Aditya Karanam

Regulatory Leakage Under COPPA — Manuscript in Preparation for MISQ
with Prof. Vasundhara Sharma, Prof. Sumeet Kumar, Prof. Madhu Viswanathan, and Prof. Deepa Mani

Generative AI in Low-Resource Classrooms: How Can AI Support Teachers? — Work in Progress
with Prof. Vasundhara Sharma, Prof. Sumeet Kumar, Prof. Anuj Kumar, and Prof. Uttara M. Ananthakrishnan

Research Experience

Indian School of Business (ISB), Pre-Doctoral Researcher — Dec 2024 – Present
Department: Information Systems | Advisor: Prof. Vasundhara Sharma — Hyderabad

Directorate General of Mines Safety (DGMS), Project Intern — Aug 2022 – May 2023
Lab: Digitalization and Artificial Intelligence Lab — Dhanbad

Indian Institute of Management (IIM) Udaipur, Research Intern — May 2021 – Jul 2021
Lab: Consumer Culture Lab — Remote

Industry Experience

HCLTech — Jul 2023 – Nov 2024
Data Scientist — Bengaluru

HCLTech — May 2022 – Aug 2022
Machine Learning Intern | Client: ExxonMobi — Remote

Patents

Singh, J., Das, S., **Gupta, S.**, Kagdi, I. "Method and System for Classifying and Detecting True Well-Control Events During Drilling Operations." Indian Patent Application No. 202311057956 (published; under examination); Published Here.

Relevant Coursework

PhD-Level Coursework (credited at ISB, Hyderabad): Statistics A (Inferential Statistics), Econometrics A
Undergraduate Coursework: Fundamentals of Machine Learning, Data Mining, Financial Econometrics, Operations Research, Engineering Economics, Development Economics, International Macroeconomics and Monetary Policy

Skills

Empirical Methods: Randomized experiments, panel econometrics, difference-in-differences and event studies
Programming Languages: Python (Scikit-learn, Keras, Pandas, TensorFlow, PyTorch, Plotly), MySQL, Stata, C++
Computational Techniques: ML, NLP, Computer Vision, Deep Learning, LLM Fine-tuning, RAG systems
Frameworks & Tools: GCP, Azure ML, Flask, Django, Google Analytics, PowerBI, Linux, Git, Ollama, Selenium, Playwright

Activities & Achievements

Top 10% among 10K participants , Univ.AI Data Science Hackathon — 2022
Editorial Head, SPE IIT (ISM) Student Chapter; chapter won the SPE Student Chapter Excellence Award — 2022
Director, mono-act (2nd) and stage play (5th), Inter-IIT Cultural Meet, among 23 IITs — 2022
Member of the Playing XI, Banda District Under-19 Cricket Team — 2016
